PROFILE

I am an ECE student with a strong foundation in C, C++, Java, Embedded Systems, Computer Networks, and Verilog RTL Design. Hands-on experience in hardware-software integration and microcontroller-based projects. Strong problem-solving and analytical skills with an interest in networking, embedded software, and automotive electronics.

EDUCATION

B.E, *R.M.D. Engineering College* 05/2027
- CGPA: 7.9 Tamil Nadu

Intermediate, *DR.B.J.S.R Junior College* 03/2023
- Percentage: 94.5% Andhra Pradesh

10th, *Sadhana EM High School* 06/2021
- Percentage: 97% Andhra Pradesh

SKILLS

Java Programming
C-Programming
Teamwork
Embedded Systems
Verilog(RTL Design)
Logical Thinking
Problem Solving
Object-Oriented Programming (OOP)
Adaptability
Computer Networks

PROJECTS

Smart Automated Drunk Drive Monitoring System
- Developed a Smart Automated Drunk Drive Monitoring System using Arduino, MQ-3 alcohol sensor, GSM module, and Embedded C for real-time alcohol detection.
- Implemented automatic vehicle ignition control and alert notifications to enhance road safety and prevent drunk driving.

INTERNSHIP

Intern, *TAARK EQUIPMENTS PRIVATE LIMITED* 06/2025 – 06/2025
- Worked on Electric Vehicle assembly during internship at TAARK EQUIPMENTS PRIVATE LIMITED Tamil Nadu
- Learned basic EV wiring, testing, and troubleshooting skills during the internship

CERTIFICATES

- Programming in Java – NPTEL
- Oracle Cloud Infrastructure 2025 Certified AI Foundations Associate
- System Design through Verilog - NPTEL
- Programming in C - Infosys Springboard

LANGUAGES

- English
- Telugu

ACHIEVEMENTS

- Actively participated in technical events, workshops, and symposiums to enhance technical knowledge.
- Developed teamwork and collaboration skills by participating in group activities and technical events.
